## EXPERIENCE

Front-End Web  
Development

Feb 2024 – Apr 2024

Next24tech

I worked on a personal project to create my own portfolio website during my internship.

During my internship, I developed a personal portfolio website to showcase my skills, projects, and achievements. The project involved designing a user-friendly and responsive interface, integrating it with modern web technologies like HTML, CSS. The website serves as a platform to highlight my technical expertise, creative projects, and work experience. Building this site helped me strengthen my skills in web development, design principles, and project management.

## EXTRA CURRICULAR ACTIVITIES

Travelling

Passionate about exploring new cultures and environments, which enhances my adaptability, problem-solving skills, and global perspective.

## PROJECTS

### Calculator Webpage

May 2023 – May 2024

This was my first practice project where I gained new skills, and I have since completed several additional practice projects to further enhance my knowledge.

### Portfolio Webpage

Feb 2024 – Apr 2024

This project was completed during my internship, where I learned new skills and applied them to create my portfolio.

### Iris-Based Authentication and Key Agreement With Updatable Blind Credentials

July 2024 – Current

I am developing an Iris-Based Authentication and Key Agreement system with Updatable Blind Credentials, focusing on biometric security and privacy. The system ensures secure user authentication with dynamic credential updates to enhance protection against potential breaches. (It is in completion stage)
